The Art of Manifesting a Loving Magnificent Self Being at Peace With Your Self

OM Wisdom Center for Enlightenment offers you a free 2-hour eye-opening seminar.

How do you react to unhappiness, grief, worrying, loneliness, doubt or any other emotions that bother you? When you are free of these thoughts, feeling and emotions you'll be at peace with yourself.

Lecture, discussion, Q&A, and powerful meditation. Our meditations are not like other meditations out there.

You will learn:

- ❖ The art of unconditional listening and communicating
- ❖ The art of self-inquiry to shift your perception. "Seeing" is to be free
- ❖ There is a magnificent process to self-acceptance. It's not that you "accept," no. Acceptance happens automatically from within a new state of consciousness.
